feet on Washington avenue and extends 110 feet south to St. Charles street. The improvements include an old two-story building on the Washington avenue side and the property known as the St. Charles Hofel, at the northeast corner of Pour-toeath and St. Charles streets. The trustors fast week declined an offer of recal of the hotel lease, preferring to dis-

A. D. Cunningham, secretary of the
Board of Trustees, says that the members
have not fully agreed upon a valuation
for the property. The offer will be taken
up at a meeting of the board, to be held
in a few days, when some definite decision may be expected.

The advance in values along Washington avenue in the district west of Twelfth
street during the last four years has been

having made profits of from 10 to 100 per cent.

Good business corners along the street are most in demand and the increase in values in that line have been steady. An offer of \$5.000 a foot has been refused for the northeast corner of Twelfth street, occupied by the new Carleton building.
